

Softphone Features You Can't Live Without

Advanced Call Control

- 3-way conference
- Call recording
- Transfer, ignore, or send to voicemail
- Status
- Favorites

Private Number

Keep your private number private and safe. Callers will only see your deskphone number.

Simple Setup Process -

Configuring the Switchvox Softphone for your cellphone is easy! Get ready to start making calls within seconds.

Extension-to-extension calls, Real-time Status/ User Presence, Wi-Fi, 4G or LTE connectivity

Apple CallKit - The latest iOS technologies improves battery life and allows more accurate notifications. Your Softphone calls will display the same way as native iOS calls.
