

Jabra Motion UC is the ultimate headset for Unified Communications, featuring the latest intelligent technology that allows you to communicate easily, both in the office and on the go.

Built-in motion sensors react to your movements and different sound environments, enabling intuitive call control, unsurpassed battery performance and superior audio quality.

Jabra Motion UC is one of the first headsets with NFC technology - just tap them together and the headset connects with your smartphone. And with best in class wireless freedom you can enjoy 10 times the range of similar headsets on the market from your PC, tablet and smartphone.

When used with your UC client you get full integration, including automatic updating of your UC presence status when on a smartphone call. The headset's Busylight indicator ensures that you avoid interruptions.

The travel & charging kit gives you maximum convenience and makes the Jabra Motion UC the perfect choice for both business and private life.

The unique flip boom-arm design makes it even easier to connect and answer/end a call while providing optimal pocketability.

With Jabra Motion UC you can take or make that important call wherever you are.

REASONS TO CHOOSE THE JABRA MOTION UC

- Intuitive call control
- Best in class wireless freedom - 10 times the range of similar headsets
- Connects devices with a simple touch
- Custom fit for optimal comfort

Made for
iPod iPhone iPad

INTUITIVE AND EASY TO USE, JABRA MOTION UC FEATURES THE LATEST IN HEADSET TECHNOLOGY

- A Touch volume area
- B Rotatable speaker house for left/right ear and height adjustable speaker house
- C Answer/end call button
- D Busylight indicator with red LED light
- E Microphone mute button
- F Flip-boom arm - connect/disconnect and answer/end call
- G USB adapter for UC integration and 100m/300ft wireless range

INTUITIVE CALL CONTROL

Jabra Motion UC automatically answers when picked up and adjusts speaker volume to your movement and surrounding noise - all because of the built-in motion sensors. With the voice control you can pick up just by saying "answer" and the foldable boom arm also makes it easy to answer and end calls.

BEST IN CLASS WIRELESS FREEDOM

There is no need for bringing the phone around the office or the house. *Bluetooth*® Class 1 gives you wireless freedom with a range of up to 100m/300ft from your PC, tablet or smartphone. That is 10 times the range of similar headsets on the market.

CUSTOM FIT FOR OPTIMAL COMFORT

As the only *Bluetooth* headset on the market, you can adjust the height of the speaker house and with 3 sizes of ear gels, the headset can be custom fit for all day comfort.

CONNECTS DEVICES WITH A SIMPLE TOUCH

Near Field Communication technology (NFC) makes it easy for your Jabra headset to instantly connect and interact with phones, tablets, and interactive tags. It requires no more than a simple touch. Just tap the phone and the headset together and they are connected.

MAXIMUM CONVENIENCE

- Touch area for easy volume control
- Mute/Un-mute button on boom arm
- Busylight indicator to avoid unwanted interruptions
- Voice controls
- Caller name announcement
- Jabra Connect App (Android/iOS) for headset settings/call control
- Jabra PC Suite for updates, settings and call management
- Power Nap mode for extended battery performance
- Height adjustable speaker house for custom fit

SUPERIOR AUDIO PERFORMANCE

- Intelligent volume control - adjusts speaker volume automatically
- HD Voice - Wideband and A2DP audio
- Noise Blackout™ 3.0
- Wind noise protection
- DSP (Digital Signal Processing)
- Jabra SafeTone™
