Warranty

2-year limited hardware

FEATURE SPOTLIGHT

DSP**Digital Signal Processing (DSP) for enterprise-quality audio**

Advanced DSP technology enables precise tuning for both the mic and speaker so conversations are more life-like.

**Device stand provides second-screen versatility**

An integrated stand positions a mobile phone or tablet at just the right angle for shake-free video calls and hands-free access to the mobile screen.

**Wideband audio**

Hear and be heard in true wideband audio, so those on both sides of the call can enjoy a life-like communication experience.

**USB and Bluetooth[®] connectivity with NFC pairing**

USB plug-and-play connectivity easily connects to PCs or Macs, or pair up to eight *Bluetooth*[®] devices. Easily pair and un-pair NFC-enabled mobile devices to the P710e by simply touching them together.

**Long battery life**

With 15 hours of talk time between charges¹ the Mobile Speakerphone P710e outlasts the longest workday.

**Acoustic echo cancellation and noise-cancelling microphone**

Optimized to hear and be heard even in noisy workspaces, this is a mobile speakerphone users love to use.

**Optimized for Microsoft[®] Lync[™], Cisco[®] compatible³, and Skype[™] certified**

Ensures enterprise-quality audio and an integrated experience with most all business-grade UC platforms.

**USB cable management**

The USB cable is hard-wired into the speakerphone so it's never lost and neatly coils away beneath the unit when the cable isn't in use.

**Dynamic Equalizer**

Automatically switches between voice and music modes, delivering the best sound quality and EQ for what the user is listening to.

**Touch controls**

Provide excellent response without transmitting audible noise through the audio path.

**Separate "call answer" and "call end" buttons**

Increases call control and provides greater flexibility when handling multiple calls.

**Visual incoming call indicator**

Onboard LEDs flash to provide a visual alert when a call is coming in.

**Headphone jack**

Plug a headphone directly into the Mobile Speakerphone P710e when additional privacy is desired.

**Battery charge via USB or AC adaptor**

Two battery-charging options provide the flexibility of charging from a laptop or wall power.

**Zippered neoprene carrying case**

Protect the speakerphone in style with the zippered neoprene carrying case.
