Site Survey

The Spectralink 7000 Site Survey Handset is a professional tool for deployment and maintenance of your Spectralink wireless solution. Intuitive color codes in red and green make successful deployments both easy and fast to complete, and ensure consistent and reliable results across your installations.

About Spectralink

Spectralink delivers secure, cost-effective mobile communication solutions that empower enterprises to streamline operations, increase their revenues and deliver a positive customer experience - each and every time. Since 1990, Spectralink has deployed millions of devices worldwide across the retail, healthcare, hospitality and manufacturing sectors - providing workers with the industry's most efficient, in-building communications.
