

## HEAR. BE HEARD.

A history of success

### About Spracht

Spracht is derived from the German word meaning **to Speak**. Headquartered in Palo Alto, in the heart of California's Silicon Valley, Spracht's mission is to help people communicate better, anywhere. Innovative designs in *Bluetooth*® and wireless products have resulted in multiple Design and Engineering Showcase Innovations Honoree Awards from CES, and a Best in Category Award for Computer Accessories. Whether it's conference phones, or wireless Bluetooth® speakers, or the first ever fluid focus web cam, or headsets, every product performs its function seamlessly, so you can conference and communicate better. Our ongoing goal is to bring you feature-rich products at an affordable price.

## Aura Professional™

**Pro sound at a reasonable price.** Comes with six (6) microphones, four internal and two external. With automatic, intelligent microphone mixing built in, they can hear you well too.

- 01** Compatibility: Plug and Play PSTN phone line, Analog PBX.
- 02** PSTN direct dial, redial, rapid dial, recall, second flash.
- 03** Clear, natural sound with wide band acoustic echo cancellation, dynamic noise suppression and phone line echo suppression.
- 04** You can store twenty numbers in the phone book, and speed dial twenty groups.
- 05** The 5 Watt speaker generates volume up to 90dB.
- 06** Full-duplex, which allows for simultaneous, two-way conversations.
- 07** The 3 line LCD displays caller ID.

| <b>MSRP</b> | <b>\$349.99</b> |

## Conferencing for Large Rooms

Maybe you just upgraded to a larger conference room and now it fits fifteen people. You might be ready for a small business conference phone that has high quality, professional sound that is still affordable.

Spracht's two solutions give you the option of using a conferencing phone in a conventional office setting with a PSTN, Analog, or Analog PBX line when using the Aura Professional™. If, in addition to analog, you also need VoIP Softphone functionality using your PC/Mac via USB, or you want to be able to connect your cell phone or tablet, iOS or Android, your best option is the Aura Professional UC™.

## Aura Professional UC™

**This Conference Phone Does It All!** Connect to your landline or your PC/Mac via USB for VoIP functionality. You can even connect to your mobile phone or tablet via the 3.5mm jack.

- 01** Plug and Play PSTN direct dial, redial, rapid dial, recall, second flash.
- 02** Use for Softphone conferencing using Skype or other VoIP app with your PC/Mac.
- 03** Use the headset jack in your phone or tablet, iOS or Android, and even your cell phone or tablet can become a robust conferencing device.
- 04** Add external mics, a power amplifier or mixing console via the auxiliary audio ports.
- 05** Call mute, call hold, three-way calling in all modes.

|             |                 |
|-------------|-----------------|
| Part        | CP-3012         |
| <b>MSRP</b> | <b>\$399.99</b> |

## Desktop Conferencing

Whether your phone system is analog or digital, or even cellular, you can experience quality conferencing at an affordable price with the Aura SoHo™.

The circular design is sleek and functional whether in your board room or your home office. It has clarity of sound and high quality conferencing at an affordable price.

### Aura SoHo™

**Grows as your business needs change.** Optional modules can convert this standard analog conference phone into a *Bluetooth*® pairable device, or work with PBX phone systems.

- 01 Plug and Play for PTSN, Analog, and Analog PBX.
- 02 Echo and noise cancellation, from the patented SoundClear™ DSP chip, gives you unprecedented clarity of sound.
- 03 It's full duplex, allowing for simultaneous two-way conversations.
- 04 Use the optional *Bluetooth*® Module to pair your iOS or Android phone with Aura SoHo™ for professional conference calls even with your cell phone.
- 05 Automatic Room Acoustic Profiling adjusts to your room.
- 06 2 RJ-22 jacks for external microphones (mics sold separately).

|             |                 |
|-------------|-----------------|
| Part        | CP-2016         |
| <b>MSRP</b> | <b>\$249.00</b> |

### Aura SoHo Plus™

A total of five (5) microphones, 3 internal and 2 external, give you coverage in larger rooms. Optional Modules will convert your standard analog conference phone into a *Bluetooth*® pairable device, or work with PBX phone systems.

- 01 Optional *Bluetooth* Module for pairing with cell phones and Digital Module for use with PBX phone systems.
- 02 Plug and Play for PTSN, Analog, and Analog PBX.
- 03 With the optional *Bluetooth* Module installed, you'll be able to pair your iOS or Android phone with Aura SoHo Plus™, giving you professional sounding conference calls even with your cell phone.
- 04 Status LEDs indicate power and muting.

|             |                 |

| Part        | CP-2018         |
| <b>MSRP</b> | <b>\$279.00</b> |

## Wireless Speakers

Listen to your saved music from your Bluetooth® enabled smart phone or tablet (iOS or Android), or PC/Mac. The blunote 2.0™ and BluNote Pro™ provide a portable solution for people who need to conference anywhere and still want to enjoy high-quality sound. High quality microphones in both devices allow you to take and make calls when paired with your smartphone.

You'll be surprised at how much volume such small speakers can generate without any distortion.

### blunote2.0™

**10 Watts of Power!** Listen to your saved music from your *Bluetooth*® device and take or make calls when paired with your smartphone. Now available in black or silver.

- 01** Listen to your saved music from your *Bluetooth*® enabled smart phone or tablet (iOS or Android), PC/Mac with this powerful 10 watt portable high quality speaker. It's loud!
- 02** The high quality microphone allows you to take and make calls when paired with your smart phone.
- 03** Passive Bass Radiator provides deep, rich, bass tones for a fuller more expansive sound.
- 04** Rechargeable 1000 mAh Lithium battery.
- 05** Pause/Play/Answer Call, Next Track, Back Track and Volume controls on the top of the unit so you can control your music from either blunote 2.0™ or your *Bluetooth*® enabled device.

| Color        | Black          | Silver         |
|--------------|----------------|----------------|
|              | WS-4014        | WS-4015        |
| <b>MSRP:</b> | <b>\$49.99</b> | <b>\$49.99</b> |

### BluNote Pro™

An accomplished *Bluetooth*® portable dual-use device. Use it for both professional conferencing and as a full range music playback device.

- 01** Lighted Capacitive Touch Panel Controls (LCTP).
- 02** Rechargeable, extra capacity Lithium 1500 mAh battery means hours of uninterrupted conferencing or music.
- 03** Caller ID number scrolls across the front panel so you can screen calls.
- 04** Utilizes state-of-the-art 2 MEMS microphones with impedance matching for clear calls.
- 05** A passive radiator, coupled with two high quality speakers, give 5 Watts of full frequency range sound.

|             |                |
|-------------|----------------|
| Part        | WS-4012        |
| <b>MSRP</b> | <b>\$99.99</b> |

## Portable Conferencing

A high quality conference room speaker in a portable 4"x4" package! Pair this portable speaker with your smartphone or tablet (iOS or Andoid), PC/Mac, or other A2DP *Bluetooth*® device. If your device is not *Bluetooth*® capable you can also connect via the 3.5mm jack (with your own audio cable).

The NFC (Near Field Communications) chip means you can touch your NFC capable device to Conference Mate Combo™ or Conference Mate™ and it will pair automatically, instead of the standard *Bluetooth*® method of pairing.

## Conference Mate™

A Portable NFC Enabled *Bluetooth*® Speakerphone that plays music from your smartphone, tablet or laptop.

- 01** Dual high quality omni-directional microphone array so the unit will capture everything you say, and clearly. Enough volume so you'll be heard well at the other end.
- 02** Downward facing speaker with passive bass radiator means a realistic, deep bass and rich sounding audio.
- 03** You get 7+ hours of talk time; USB recharges the high power density Lithium Polymer battery.
- 04** Advanced Audio Distribution Profile (A2DP) for high fidelity *Bluetooth*® wireless audio.
- 05** Sleek top surface with simple, capacitive touch controls.

## Conference Mate Combo™

In addition to the features of the Conference Mate, this version is ideal for Skype™, Skype for Business™ (Lync), or other VoIP app when you connect the USB cable to your PC/Mac to use as a Softphone speaker.

- 01** Simple, capacitive touch controls on a sleek top panel.
- 02** Dual high quality omni-directional microphone array so the unit will capture everything you say, and clearly. Enough volume so you'll be heard well at the other end.
- 03** Stream full, rich sounding music from your A2DP *Bluetooth*® device when you're not on a call.
- 04** Plug and Play when connecting to your computer: no software needed other than Skype, Skype for Business, or other Voip app.

| Color        | Black           | White           |

| <b>MSRP</b> | <b>\$129.99</b> |

# ZūM Wired Headsets

Durable wired headsets that provide noise cancellation for use in busy environments. Padded ear covers offer comfort in situations that require many hours of use. Built-in Acoustic Shock Protection provides a circuit-breaker-type protection against a sudden loud noise from the speaker source.

## ZūM UC1™ and ZūM UC2™

### USB Softphone Headsets

Call center tested for durability. Designed for extensive use, the large speaker chambers cover most ear sizes comfortably.

- 01** USB connector for PC/Mac for Skype for Business, Skype™, and other VoIP apps.
- 02** Powerful 40mm speakers for top quality sound.
- 03** Bendable microphone arm for infinite adjustments.
- 04** Noise canceling microphone.
- 05** Acoustic shock protection cuts out sudden loud noise through the speaker.
- 06** Zūm UC1 is monaural (one ear) and Zūm UC2 is binaural (dual).

| Model        | UC1 (Monaural) | UC2 (Binaural) |

| <b>MSRP:</b> | <b>\$69.00</b> | <b>\$79.00</b> |

## ZūM 3500™

### Universal USB and 3.5mm Pin Headsets

Bass-enhanced 40mm speakers deliver excellent sound quality. Combined with a noise canceling microphone, they deliver a high quality sound experience.

- 01** Compatibility: USB Adapter for Windows, Mac and Linux computers for use as a Softphone headset. Skype™ compatible.
- 02** Plug-and-Play, no drivers.
- 03** Binaural stereo headset with noise canceling microphone.
- 04** 3.5mm plug for iOS and Android smart phones and tablets.
- 05** Powerful 40mm speakers for top quality sound.

|             |                |
|-------------|----------------|
| Part        | ZUM3500        |
| <b>MSRP</b> | <b>\$59.99</b> |

## ZUM DECT 6.0 Headset™

You'll be able to walk away from your desk while still continuing the conversation with this comfortable noise cancellation headset.

- 01** Compatibility: Universal Deskphone, RJ9 Headset Port. Not for computers. Not for smartphones.
- 02** Secure DECT 6.0 Protocol.
- 03** Eco-DECT: the lowest power level is used to maintain contact with base unit.
- 04** Supports three-way and conference calling.
- 05** Rechargeable Li-Ion battery; up to 7 hours talk time.
- 06** Both Over-the-head and Over-the-ear style headsets included.

|             |                 |
|-------------|-----------------|
| Part        | HS-2012         |
| <b>MSRP</b> | <b>\$159.99</b> |

## ZUM DECT Wireless Headsets

### Wireless Freedom and Secure Communications

Using DECT technology, you can have wireless telephone conversations without the *Bluetooth*® limitations. The secure DECT 6.0 Protocol has a range of up to 500 feet, and the number of users in the same area is practically unlimited. We offer several versions offering different configurations. Most are for use with desktop phones and not smartphones; check the compatibility for your intended use.

## ZUM Maestro DECT™

Get that cup of coffee while still talking. Answer and end calls while you are away from your desk too: just add a Remote Headset Lifter or EHS Cable. Wireless range 350'.

- 01** Compatibility: Universal Deskphone, RJ9 Headset Port. Not for computers. Not for smartphones.
- 02** Eco-DECT means the unit uses the lowest power level required to stay in contact with the base.
- 03** Multi Function button allows you to answer/end calls on the headset, or dock/undock from the Base Station instead.
- 04** You can use multiple headsets in the same area without them interfering with each other.
- 05** Available in both Monaural and Binaural version headsets.
- 06** Recharge the headset by docking in the Base Station.

|             |                  |                  |
|-------------|------------------|------------------|
| Part        | HS-2018 Monaural | HS-2019 Binaural |
| <b>MSRP</b> | <b>\$179.99</b>  | <b>\$189.99</b>  |

## ZūM eco-Set™

Walk around - and keep on talking!

- 01 Compatibility: Universal Deskphone, RJ9 Headset Port. USB for Softphone Mac/PC. Not for smartphones.
- 02 Range up to 400 feet (122m) from base station.
- 03 Supports tree-way conference calling.
- 04 Nine hours of talk time.
- 05 Active DSP noise cancellation microphone.
- 06 Use with Remote Headset Lifter RHL-2010 or Electronic Hook Switch cable (both sold separately).

|      |          |
|------|----------|
| Part | HS-2014  |
| MSRP | \$229.99 |

## ZūM Combo DECT Wireless Headsets

Combo wireless headsets: for Desktop phones and as Softphones via USB for PC/Mac

Made for desktop phones, and as Softphones via USB for PC/Mac, the ZūM eco-Set™ and ZūM Maestro Pro™ Headset Combo DECT/USB headsets are also eco-DECT. They regulate their emissions by adjusting the power output depending on the distance of the headset to the base station. The closer the headset is to the base, the lower the power output. Both still retain high-quality audio while ensuring safe power output.

## ZūM Maestro Pro™ Headset Combo DECT/USB

Get up - Go for a walk. And still continue your call.

- 01 Compatibility: Universal Deskphone, RJ9 Headset Port. USB for Softphone Mac/PC. Not for smartphones.
- 02 Eco-DECT feature for lowest level emissions.
- 03 USB connectivity allows for VoIP Softphone calls, like Skype™, Skype for Business, Cisco Spark or other VoIP apps.
- 04 Wireless Range up to 350' from base station.
- 05 Active DSP noise cancellation microphone.
- 06 Use with Remote Headset Lifter RHL-2010 or Electronic Hook Switch Cable (both sold separately).

|       |          |  |

| Part  | HS-2020  |  |
|       | Monaural |  |
| MSRP: | \$229.99 |  |

## ZūM USB and BT Wireless Headsets

**Wireless freedom!** Two headsets: one made for your Mac or PC computer to connect via USB for Skype™, Skype for Business, and VoIP calls. Because it's DECT, you have a range of 350' from the Base Station. And because it's eco-DECT, you'll use the lowest power level to stay in contact with the Base.

The second, ZūM Maestro BT™, is made to answer calls with any *Bluetooth*® device like your smartphone or tablet, iOS or Android, or laptop, PC/Mac. Being *Bluetooth*®, you'll have about 33' of range.

### ZūM Maestro USB™ DECT

Wireless Headset for Softphone PC/Mac

Just because you're using your computer for a Skype call doesn't mean you have to stay in front of your computer. Get that cup of coffee while still talking.

- 01** Compatibility: PC and Mac computers and laptops only. Not for smartphones or tablets. Not for desktop phones.
- 02** Wireless DECT range up to 350 feet (100m) from Base.
- 03** USB Connection from Base Station to Computer (PC/MAC).
- 04** Eco-DECT: Lower emissions.
- 05** Battery standby time: At least 36 hours.
- 06** Use for Skype, Skype for Business (Lync), and other VoIP apps.

|      |          |
|------|----------|
| Part | HS-3010  |
| MSRP | \$149.00 |

### ZūM Maestro BT™ Wireless Headset

You'll be able to answer calls with any *Bluetooth*® device like your smartphone or laptop with this comfortable, lightweight, high-quality headset. Up to 21 hours of talk time on a single battery charge.

- 01** Made for smartphones, tablets, laptops. Not for desktop phones.
- 02** Headset charges when docked in base.
- 03** *Bluetooth*® Version V4.0, backward compatible. Range: up to 33' (10m).
- 04** Wideband audio for exceptional sound quality.
- 05** Visual indicators: LED indicates call status, pairing status, etc.
- 06** Talk time: 21 hours from the 300mAh battery. Stand by: 500 hours.

| Part  | HS-2050  | HS-2051  |
|-------|----------|----------|
|       | Monaural | Binaural |
| MSRP: | \$89.99  | \$99.99  |

# ZūM Maestro USB/BT Combo™ Headset and Aura Video Mate

The ZūM Maestro USB/BT Combo allows you to use USB with your Mac or PC computer for Softphone via Skype™, Skype for Business, and other VoIP calls. Using Bluetooth® you can also pair with your smartphone.

Aura Video Mate is so portable that now you can have a video conference wherever your laptop is. HD video and high efficiency DSP for the microphone result in high quality video conferencing.

## ZūM Maestro USB/BT Combo™ Headset

Walk around - and keep on talking!

- 01 Compatibility: USB for Softphone Mac/PC. Smartphones and tablets, iOS and Android. Not for Desktop Phones.
- 02 USB connection from base to computer allows for VoIP calls, like Skype™ or Skype for Business (Lync™), or other VoIP apps.
- 03 Bluetooth® Version V4.1, backward compatible. Range: up to 33' (10m).
- 04 Active DSP noise cancellation microphone.

|             |                 |

## Earbuds

Perfect for travel, especially in noisy environments. The Konf-X™ earbuds are noise canceling **up to 90%**, making them especially good at eliminating repetitive noises like airplane engines, servers or machinery.

Blunote Buds TW™ are noise isolating and will help reduce background noise for a richer audio experience. Best of all, they are truly wireless.

## Konf-X™ Earbuds

Available in three colors. These noise canceling earbuds use an external microphone to pick up background noise and then use sophisticated electronics to cancel out up to **90%** of it.

- 01** Active noise reduction (ANC) lets you enjoy a lifelike sound blocking the noise around you.
- 02** The small yet powerful 9mm drivers are much smaller than competitive drivers, allowing for an exquisite rendering of the music.
- 03** Perfect for making either the professional or casual call, in busy, noisy environments.
- 04** Compatible with your iOS, Android, Black Berry or other phone. Also compatible with your iPad and Android tablets as well as your Mac/PC. Uses 3.5mm plug.

## Blunote Buds TW™

Listen to your favorite tunes on the go, hassle-free, with these wire-free *Bluetooth*® True Wireless earbud headphones.

- 01** Charging case charges the earbuds when they are not in use. Take them with you!
- 02** Standby time of up to 150 hours.
- 03** Voice time up to 2.5 hours on a single charge.
- 04** Pairs with your *Bluetooth*® devices, including Android or iOS tablets and smartphones. *Bluetooth*® version 4.1.
- 05** Sweat resistant - so you can use them while you exercise.
- 06** Noise and echo isolation helps reduce background noise.

# Electronic Hook Switch Cables and Handset Lifters

Electronic Hook Switch Cables (EHS) and Remote Handset Lifters allow you to answer and end calls when you are away from your desk. Ideal if you don't want to miss a call no matter where you are.

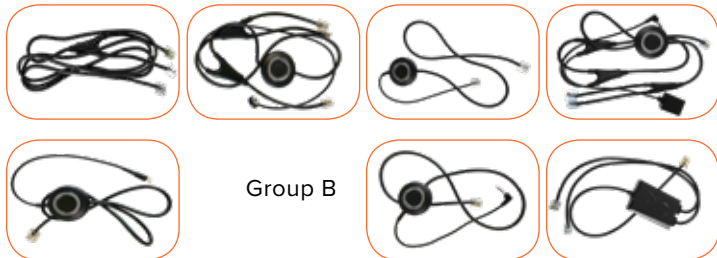

## Electronic Hook Switch Cables

Make hands-free calls, answer and hang up your calls remotely. For use with ZūM Maestro DECT Headsets HS-2018, HS-2019, HS-2020.

- 01** Available for these phone makes: Aastra, Alcatel-Lucent, Avaya, Cisco, Fanvil, Grandstream, Hanlong, Panasonic, Polycom, Shoretel, Siemens, Tiptel, Toshiba, Unify.
- 02** Complete list of compatible models available at the Spracht website [www.spracht.com](http://www.spracht.com).
- 03** Simple setup and no need to manually lift the handset.
- 04** **Group A:** EHS-2004, EHS-2005, EHS-2006, EHS-2009 and EHS-2013  
**Group B:** EHS-2007, EHS-2010, EHS-2015

Group A

| Group       | Group A        | Group B        |
|-------------|----------------|----------------|
| <b>MSRP</b> | <b>\$39.99</b> | <b>\$49.99</b> |

## Remote Handset Lifter (Non-EHS)

If you have a phone without an EHS jack you can still have the convenience of answering remotely using a mechanical handset lifter. Made for ZūM DECT Headset HS-2012 and virtually all phones that have a handset with RJ11 jacks.

- 01** Comes with an integrated connector cable for the phone's base unit.
- 02** Has an optional microphone that can work as an external ring tone sensor.
- 03** The handset lifter is easy to install and comes with adhesive attachment pads to secure it to your phone.
- 04** It lets you answer and end calls when you are away from your desk with just the touch of the On/Off button on the headset.

| Part        | RHL-2010       |
|-------------|----------------|
| <b>MSRP</b> | <b>\$59.00</b> |

## Accessories

If you have an Aura SoHo™ and just upgraded to a larger conference room you might need extra microphones so everyone can be heard. Or maybe your new office has a different phone system and you need to make your Aura SoHo™ or Aura SoHo Plus™ PBX compatible. If you want to use your smartphone for conferencing using **Bluetooth®**, you'll need a Bluetooth Module.

A spare battery is also always a good idea and you can have one for your ZūM eco-DECT Pro™ and never miss or have to interrupt a call.

### For the Aura SoHo™

Expand your conferencing capabilities for the size of your conference room with External Microphones, Digital Module or Bluetooth Module.

- 01** The **Bluetooth®** Module can pair with your cell phone so you can conference without even using a land line.
- 02** Install the Digital Module if you have a PBX system.
- 03** Add external mics for extra large tables or conference rooms.

Part CP-2016-007  
**MSRP \$49.99**

| Part         | Bluetooth Module | Digital Module |  |
|--------------|------------------|----------------|--|
|              | CP-2016-004      | CP-2016-003    |  |
| <b>MSRP:</b> | <b>\$79.99</b>   | <b>\$79.99</b> |  |

### For the ZūM eco-DECT Pro™

Don't lose that important call. An extra battery can charge while you talk, and then you can swap it in without losing the call you are on.

- 01** Hot swappable so you can keep talking without losing the call you are on.
- 02** Great as a backup in case of battery failure.
- 03** Charge Time: 3 hours.
- 04** Rechargeable with up to 7 hours talk time and 20 hours Standby, 3.7VDC/320mAh.

Part HS-2014-001  
**MSRP \$16.00**
