Option 1: Connect to IP phone via EHS

Using the EHS cable 1 - Connect the headset to a
VTech VSP8 Series, SNOM D3 Series, or SNOM D785 IP phone

1. Take the **EHS cable 1**. Plug the end labelled
   #1 EHS JACK (ON HEADSET BASE) to the 🔴 **EHS** jack
   (red dot) of the headset base.

2. Plug the other end labelled **EHS JACK (ON PHONE BASE)** to
   the EHS jack 📱 **EXT** on your VTech or SNOM phone.

3. Take the **Headset audio cable**. Plug the end labelled
   PHONE JACK (ON HEADSET BASE) to the 🔵 **PHONE** jack
   (blue dot) of the headset base.

4. Plug the other end labelled **HEADSET AUDIO JACK (ON PHONE BASE)**
   to the audio port 🎧 on your VTech or SNOM phone.

5. On your IP Phone, press 🎧 to turn on the headset mode.

   • On the VTech or SNOM IP phone, the 🎧 status icon will
     appear on the LCD display.

   • On the SNOM D785 series IP Phone. The LED light on the
   🎧 key will turn on.

Test the headset after connection:

Press the 📱 **ON/OFF** button on the headset to make, answer, or end
a call, using the telephone line to which the IP phone is connected.

🐛 **NOTE:**

• Refer to the user's manual of your VTech or SNOM IP phones for the
  actual locations of the EHS jack and audio port.

EHS cable 1
(for **SNOM D305/
D315/D345/D375/
D385/D785/D735**
IP Phone)

**Headset
audio cable**

To the EHS jack
📱**EXT** on **SNOM D305/
D315/D345/D375/D385/
D785/D735** IP Phone

To the audio port
labelled 🎧 on
**SNOM D305/D315/
D345/D375/D385/
D785/D735**
IP Phone

Using the EHS cable 2 - Connect the headset to a SNOM D7 (except SNOM D785) Series IP phone

1. Take the **EHS cable 1**. Plug the end labelled **#2 EHS JACK (ON HEADSET BASE)** to the 🔴 **EHS** jack (red dot) of the headset base.

2. Plug the other end labelled **EHS JACK (ON PHONE BASE)** to the EHS jack ⌷ on your SNOM phone.

3. Take the **Headset audio cable**. Plug the end labelled **PHONE JACK (ON HEADSET BASE)** to the 🔵 **PHONE** jack (blue dot) of the headset base.

4. Plug the other end labelled **HEADSET AUDIO JACK (ON PHONE BASE)** to the audio port 🎧 on your SNOM phone.

5. On your SNOM D7 series IP Phone, press 🎧 to turn on the headset mode. The LED light on the 🎧 key will turn on.

To test the headset after connection:

Press the ▋**ON/OFF** button on the headset to make, answer, or end a call, using the telephone line to which the IP phone is connected.

✆ *NOTES:*

- Make sure you orient the **EHS cable 2** correctly when plugging it into the EHS jack ⌷ on the SNOM D710/D712/D715/D725/D745/D765 IP phone. Do not plug it upside down; otherwise, the EHS connection will not be successful.

- Refer to the user's manual of your SNOM IP phones for the actual locations of the EHS jack and audio port.
