Trigger pre-programmed text, or privacy mode

### MICROPHONE

Hands-free talk back
Monitoring

### BUTTON LED

Illuminates when microphone is active

### NOTIFICATION

Trigger alerts that activate other devices, such as a strobe or electronic lock

### SIP INTEGRATION

Enable SIP calls
Dial out pre-programmed internal extensions and external phone numbers

### SOFTWARE

Diagnostic software included
Compatible with third-party software, including InformaCast, Revolution, and Cisco CallManager

### DUAL COMMANDS

Program button push and release / push and hold modes
Accommodates up to two extensions or phone numbers

## SOLUTIONS

- Paging
- Intercom
- Emergency notification

## ADDITIONAL FEATURES

- Built-in web server
- Requires RJ25 cable (6P6C)

## MOUNTING

- Standard junction box required for mounting

## COMPATIBLE IP DEVICES

**Round Ceiling IP Speaker**
IPSCM-RMe

**Square Ceiling Tile IP Speaker**
IPSCM

**IP Speaker Flush/Surface Mount**
IPSWS-SM, IPSWS-FM

**HD IP Display**
IPCSHD

Compatible with MAC address 0a:xx:xx and above

# SOFTWARE

The BTN-KIT-MIC-ND integrates easily with third-party mass notification software, as well as SIP and VoIP phone systems, enabling a facility to take advantage of all the device capabilities. The device also comes with diagnostic software (compatible to run alongside third-party software), and an on-board web server interface, both which provide the ability to monitor and troubleshoot the ANetD devices on the network.

### Third-Party Software
- InformaCast (Singlewire)
- Revolution (Syn-Apps)
- IPSession (IPCelerate)
- MessageNet Systems
- BellComander (Acro Vista)
  And more!

### VoIP Phone Systems
- Cisco CallManager
- Mitel
- Avaya
- 3CX
- Polycom
  And more!

### IPClockWise
- Diagnostic tool included with device purchase
- Complements investment in third-party software
- Developed and supported by Advanced Network Devices
