

# Fire Departments Continue To Provide Some Additional Services, With Changes Ensure Communication About Those Changes And Services Continues

Call Toll-Free: 1-800-398-8647

Your local Fire Department doesn't just put out fires...they also deal with local residents who walk in, needing different services:

- Issue permits
- Provide fire prevention education
- Deliver public safety preparedness information
- Offer services such as Chipper programs
- Carry out Safe Haven laws

Press the call button to ring to an H.264 Video Phone such as Yealink

Your local Fire Department must be able to communicate with residents about general services, while maintaining social distancing

With CyberSoftPhone (free download available from CyberData), the Video Intercom can open up a dialog box on the PC
