- Up to 300 feet/100 meters wireless range
- Protection against dust and water (IP54 rated)
- Media streaming & voice assistant access

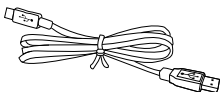

2. Jabra Talk 65 overview

*Device dependent

2.1 Included accessories

USB cable

EarGels

Small

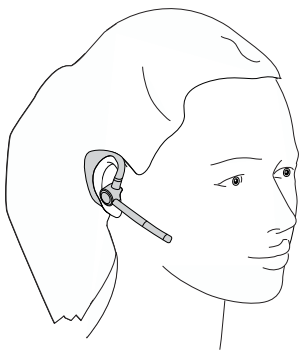

Medium

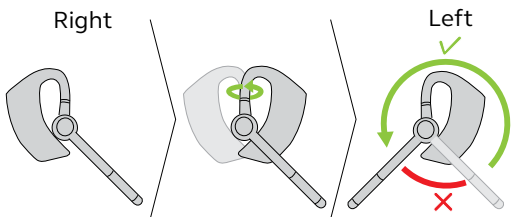

Large

3. How to wear

The headset can be worn on the left or right ear.

To wear the headset on the other ear, rotate the microphone horizontally to the other side. Then swivel the microphone up and over and point it towards your mouth.

3.1 Selecting an EarGel

It is important to wear the headset with the most comfortable EarGel size for your ears. This will ensure the best audio experience.

Small

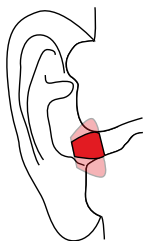

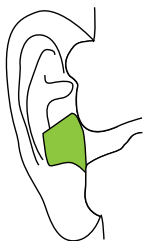

Medium

Large

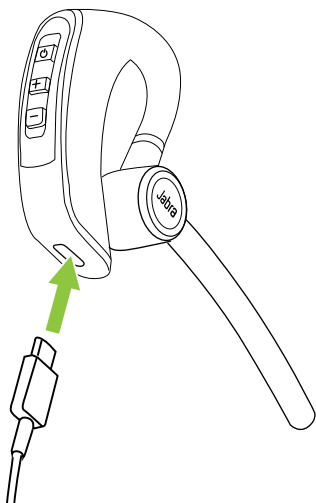

3.2 How to get the perfect fit

For the best audio quality and comfort, the eargel should fit firmly in your ear, but should not be squeezed into your ear canal.

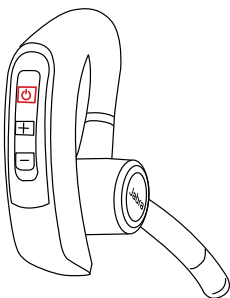

4. How to charge

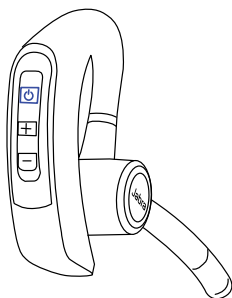

To charge the headset, connect the USB charging cable to the headset's USB charging port. It is recommended to charge the headset using the supplied charging cable. It takes up to 150 minutes to fully charge the battery.

While charging, the LED indicator shows the charging status. Red indicates the headset is charging. Blue indicates the headset is fully charged.

Charging

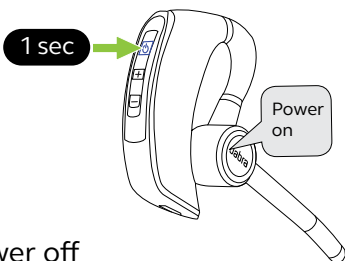

Fully charged

5. How to connect

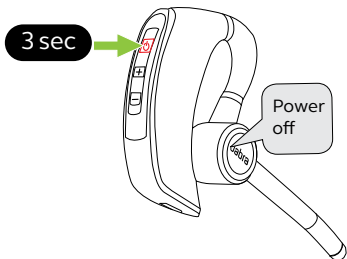

5.1 Power on

Press and hold the **Multi-function** button for 1 second until the LED flashes blue and you hear “Power on”.

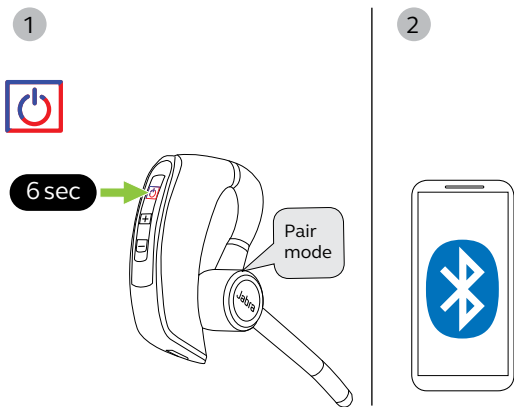

5.2 Power off

Press and hold the **Multi-function** button for 3 seconds until the LED flashes red and you hear “Power off”.

5.3 Pair to your smartphone

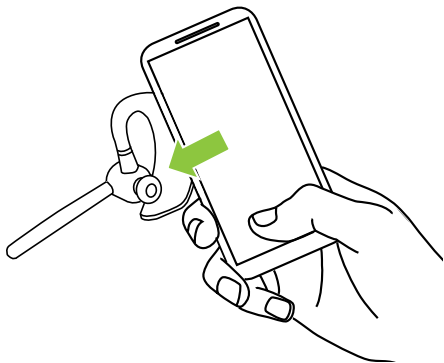

1. Ensure the headset is powered off.
2. Press and hold the **Multi-function** button for approx. 6 seconds until you hear “Pair mode” and the LED flashes red and blue. The headset is now ready to pair.
3. Go to the Bluetooth menu on your smartphone and select the Talk 65 from the list of available devices.

5.4 Connect to your smartphone using NFC

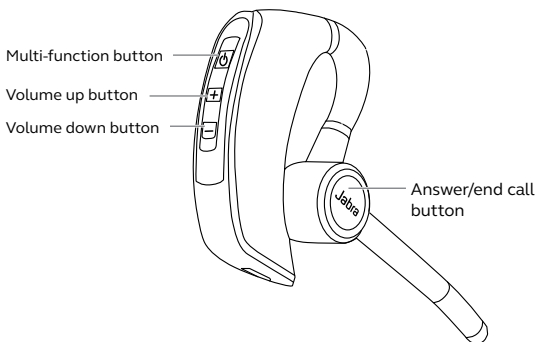

1. Ensure your headset is powered on, and that NFC is enabled on your smartphone.
2. Place the NFC zone of your smartphone against the NFC zone of the headset until your smartphone confirms the connection.

Please note that not all phones support NFC pairing.

NFC Zone

6. How to use

6.1 Calls

What the buttons do

	Answer call	Press the Answer/end call button
	End call	Press the Answer/end call button
	Reject call	Double press the Answer/end call button
	Redial last number	Double press the Answer/end call button when not on a call

Adjust volume

Press the **Volume up** or **Volume down** button, when listening to music or on a call

Transfer audio from headset to smartphone

Press both the **Volume up** and **Volume down** buttons simultaneously

Mute/un-mute microphone

While on a call, press and hold (2 sec) the **Volume down** button to transfer the call audio to your paired smartphone. Repeat to transfer the call audio back to your headset

Activate Voice Assistant (i.e. Siri, Google Assistant)

Press the **Multi-function** button when on a call

Press the **Multi-function** button when not on a call

6.2 Multiple call handling

The headset can accept and handle multiple calls at the same time.

Multiple call handling

End current call and answer incoming call

Press the **Answer/end call** button

Put current call on hold and answer incoming call

Press and hold (2 second) the **Answer/end call** button

Reject incoming call when on a call

Quickly press the **Answer/end call** button twice

6.3 Multipoint mode

The headset can pair to 8 smartphones or tablets and connect to two at once (Multipoint mode).

To connect to two smartphones, use the normal pairing process separately for each smartphone (refer to section 5).

The Jabra Talk 65 will monitor both smartphones and enable you to answer a call on either one using the headset.

If you are on a call and the other smartphone receives a call, you will hear a notification in the headset.

6.4 How to reset

Resetting the headset clears the list of paired devices.

1. Ensure the headset is powered on.
2. Press and hold (10 sec) both the **Volume up** and **Volume down** buttons until you hear two beeps.
3. Power off the headset.

You will need to re-pair the headset to your smartphone.

7.1 FAQ

View the FAQs on [Jabra.com/help/talk65](https://www.jabra.com/help/talk65)

7.2 How to care for your headset

- To prevent the depletion of the battery lifetime or capacity, avoid storing the headset in hot or cold environments, such as a closed truck in summer or in winter conditions.
- When exposed to water, allow the headset sufficient time to dry. It may take up to one hour for the headset to dry thoroughly and power on.
- Do not store the headset for extended periods of time without recharging them (max. three months).

7.3 How to clean your headset

1. Apply normal dish soap and water to a cloth, making sure to wring out any excess liquid so the cloth is not dripping wet. Use soap and water only; do not use strong cleaning agents.
2. Gently wipe the headset with the wet cloth, making sure the headset is clean with no layer of suds on the surface.
3. Let the headset rest for at least one minute.
4. Wipe the headset clean with a cloth dampened with water only.
5. Allow the product to dry.
