

# Poly CS540A DECT 1920-1930 MHz Headset TAA

## Hands-free productivity

The CS540 convertible DECT™ headset provides professional performance so you can get more done – even on the move. The noise-cancelling mic reduces background noise interruptions, ensuring great audio quality and easing listener fatigue.

### Give everyone more freedom to move

Everyone in the office could use more flexibility. Let them roam confidently up to 400 ft from the headset base. They'll be able to collaborate simply since teams can conference up to four headsets on a single base.

### The choice is yours

There's more than one way to make a call – switch up styles to find your groove and introduce your ears to something new. The CS540 convertible design comes with three wearing options: over-the-ear, over-the-head, behind-the-head<sup>1</sup>.

### It's just easy

Simplify desk phone management with headset audio controls and adding either the HL10 Handset Lifter or Electronic Hook Switch Cable (EHC) for remote call capabilities.<sup>2,3</sup>

### Extended range and talk time

The adaptive power system optimizes for range and talk time by automatically downshifting to low power when the headset is close to the base – saving battery life and maintaining maximum density.

### SoundGuard technology

SoundGuard acoustic limiting technology protects against Acoustic Shock by limiting sounds to below 118dBA ensuring listening comfort and protection against audio spikes.

### Superior audio quality

Your choice of narrowband audio to extend talk time or advanced wideband audio for high – definition voice quality. Enhanced Digital Signal Processing (DSP) provides more natural sound, delivering clear audio the way it's intended to be heard.

# Poly CS540A DECT 1920-1930 MHz Headset TAA

## Specifications

### Connectivity and communications

**Wireless range:** Up to 120 m  
**Wireless range (Imperial):** Up to 350 ft  
**Connection type:** DECT™  
**Headphone type:** Convertible

### Audio

**Speaker bandwidth:** 20 Hz to 6.8 kHz (narrowband or wideband)  
**Nominal sound pressure level:** 118 dB SPL

### Battery

**Battery life:** Up to 7 hours (talk time)

### Environmental

**Acoustic protection technology:** SoundGuard<sup>1</sup>

### Weight and dimensions

**Product Primary Color:** Black  
**Weight (Imperial):** 0.04 lb  
**Weight (metric):** 21 g  
**UPC number:** (ABA) 197497173833; (AC3) 197497173840  
**Product number:** 7W073AA

### Warranty

Poly standard one-year limited warranty

### What is in the box

Headset with pre-installed battery, eartip and earloop  
Office base  
Headband  
AC power adapter  
Telephone interface cable (TIC)  
Kit with eartips and earloops

### Feature Messaging Footnotes

<sup>1</sup> Neckband sold separately. <sup>2</sup> HL10 Handset Lifter sold separately. <sup>3</sup> Electronic Hook Switch Cable (EHC) sold separately. <sup>4</sup> DECT is a trademark of ETSI.

### Technical Specifications Footnotes

<sup>1</sup> Protects against Acoustic Shock by limiting sounds to below 118 dBA.
